

## Sustainable Development Keynotes

The Class 10 Social Studies chapter on "Sustainable Development" focuses on the concept of sustainable development, its importance for Nepal, and various strategies to achieve it. Some of the key points covered in the chapter are:

1. **Sustainable Development:** Sustainable development is the development that meets the needs of the present without compromising the ability of future generations to meet their own needs. It is essential for the long-term well-being of the environment, society, and economy.
2. **Sustainable Development Goals (SDGs):** The United Nations has set 17 Sustainable Development Goals to be achieved by 2030. Nepal is committed to achieving these goals, which include poverty eradication, gender equality, climate action, and clean water and sanitation.
3. **Importance of Sustainable Development for Nepal:** Nepal is a developing country with many challenges, such as poverty, inequality, and environmental degradation. Sustainable development is crucial for addressing these challenges and promoting overall development.
4. **Strategies for Sustainable Development:** Various strategies can be employed for achieving sustainable development in Nepal. These include promoting renewable energy, reducing greenhouse gas emissions, protecting natural resources, promoting sustainable agriculture, and improving access to education and healthcare.
5. **Role of Government:** The government plays a crucial role in promoting sustainable development in Nepal. It can provide policy frameworks, financial support, and institutional arrangements for sustainable development.
6. **Role of Civil Society:** Civil society, including non-governmental organizations (NGOs) and community-based organizations (CBOs), also has an important role in promoting sustainable development. They can mobilize resources, advocate for policies, and work with local communities for sustainable development.

Overall, the chapter highlights the importance of sustainable development for Nepal and the strategies and roles of various stakeholders, including the government and civil society, in achieving it. It emphasizes the need for an integrated and collaborative approach to promoting sustainable development in Nepal.
